# U. S. 7-30 LOAN.

## Third Set ss.

### \$230,000,000.

By authority of the Secretary of the Treasury, the un-  
derigned, the General Subscription Agent for the sale  
of United States Securities, offers to the public the third  
series of Treasury Notes, bearing seven and three-tenths  
per cent. interest per annum, known as the

**7-30 LOAN.**  
These notes are issued under date of July 15, 1865, and  
are payable three years from that date in currency, or  
are convertible at the option of the holder into

U. S. 7-30 Six per cent.  
**GOLD-BEARING BONDS.**  
These bonds are now worth a handsome premium, and  
are exempt, as all Government bonds, from State  
County, and Municipal taxation, which adds from  
one to three per cent. per annum to their value, ac-  
cording to the rate levied upon other property. The in-  
terest is payable semi-annually by coupons attached to  
each note, which may be cut off and sold, at any bank or  
banker.

The interest at 7-30 per cent. amounts to  
One cent per day on a \$50 note.  
Two cents per day on a \$100 note.  
Ten cents per day on a \$500 note.  
Twenty cents per day on a \$1,000 note.  
One Dollar per day on a \$5,000 note.

Notes of all denominations named will be promptly  
furnished upon receipt of subscriptions.  
The Notes of this Third Series are perfectly similar in  
form and privileges to the Seven Thirties already sold,  
except that the Government reserves to itself the option  
of paying interest in gold coin at 6 per cent., instead of  
7-30ths in currency up to July 15th, at the time when  
they mature.

The delivery of the Notes of this Third Series of the  
Seven Thirties will commence on the 1st of June, and will  
be made promptly and continuously after that date.  
The slight change made in the conditions of this THIRD  
SERIES affects only the mode of interest. The pay-  
ment in gold, if made, will be equivalent to the currency  
interest of the higher rate.

The return to specie payments, in the event of which  
only will the option to pay interest in gold be available,  
would so reduce and equalize prices that purchases made  
with six per cent. in gold would be fully equal to those  
made with seven and three-tenths per cent. in currency.  
This is  
The only Loan in Market  
now offered by the Government, and its superior advan-  
tages make it the

Great Popular Loan of the People.  
Less than \$200,000,000 of the Loan authorized by Con-  
gress are now on the market. This amount, at the rate  
at which it is being absorbed, will all be subscribed for  
within sixty days, when the notes will undoubtedly com-  
mence a premium, as has uniformly been the case on  
closing the subscription to other loans.

In order that citizens of every town and section of the  
country may be afforded facilities for taking the Loan,  
the National Banks, State Banks and Private Banks  
throughout the country have generally agreed to receive  
subscriptions at par. Subscribers will select their own  
agents, in whom they have confidence, and who only are  
to be responsible for the delivery of the notes for which  
they receive orders.

**JAY COOKE,**  
SUBSCRIPTION AGENT,  
PHILADELPHIA.  
Subscriptions will be received by the First Na-  
tional Bank and City National Bank of Cairo, Ill.
